SAN SALVADOR'S NEW TARRES.-A copy of the new tariff of San Salvador has been received at the Treasury Department from T. T. Tunstall, United States Consul at that place. The new tariff went into effect on the 1st inst.
It bears directly upon the interchange of commodities between this republic and the United States. The question of customs duties by the system recently adopted by the Saivador dievernment rests almost exclusively upon the gross weight of the merchandise.

APPLICANTS FOR TORPEDO INSTRUCTION .-The following order has been issued by the Adjutant General's Office: "Lieutenants of artillery, infantry or cavalry, now serving with their regiments, who desire to take the course of instruction in torpedo service, at Willet's Point, N. Y., commencing December 1, next, and ending June 30, 1880, will at once make application by letter to the Adjutant temeral of the Army through the usual military channels. Commanding officers, in forwarding applications, will say whether or not the officers can be spared."

CHINAMEN CANNOT RETURN. - Secretary Thompson, of the Treasury Department, has addressed a letter to the Secretary of State, in answer to a dispatch received from the U.S. Consul at Havre, requesting the opinion of the Treasury Department on the question of the return to the United States of Chinese sallors return to the United States of Chinese sallors shipped from the United States on American vessels bound to foreign ports. The consulstates that American vessels arriving at Havre from the Pacific coast nearly always have on board Chinese employes, who after being paid off at Havre embark again to the United States. The Department decides that under the act of October 2, 1888, the Chinese laborers referred to, having lauded at Havre and been paid off, they are no longer in any sense within the jurisdiction and under the control of the United States Government, and must be considered as having departed from the United States.

PENSION FRAUDS HELD.—The Commissioner of Peusions has been advised that John M. T. Rolls and Sarah F. Green, of Blue Creek, Rolls and Sarah F. Green, of Blue Creek, Stewart County, Tenn., were convicted in the U.S. District Court at Nashville, Tenn., on the 24th uft., on charge of forgery and presenting false claim for pension. Rolls was fined \$1,150 and costs, and sentenced to two years' imprisonment. Mrs Green was fined \$1,000, and imprisoned until fine is secured. James N. Strader and Alex Whaley, who were held to answer before United States Commissioner at Knoxville, Tenn., or the 31st utilmo, on charge of conspiracy to utter a forged check in the pension. The of Asa Emert, have been held for furter action. Strader was released on \$3,500 bond, and Whaley, in default of ball, was remanded to jail.

Mr. Polles also belongs here, and the couple were married about ten years ago. They moved to Brooklyn a few years ago and have since resided there. One day last week Mrs. Bolles left her home, leaving her little girl, about six years old, in the yard at play and has not yet returned. A man who had been paying her marked attention disappeared the day before, and it is supposed she joined him and went to California. The news caused a gond deal of surprise to the many friends of the couple in this city, and Mr. Bolles is said to be heartbroken over the affair. He could not be seen to-night, as the Providence, on which he is purser, was en route from New York to this city.

A Large Vote Being Polled in New York City.

HILL AND GRANT SEEM TO BE LEAD-ING MILLER AND HEWITT.

California is Claimed by Both Sides by Varying Majorities.

New York, Nov. 6 .- The morning opened foggy, with threatening rain, but despite the weather, reports from the various polling places throughout the city up to 10 o'clock state that an unusually heavy vote is being

polled.

Bulletins issued from the National Demo

Bulletins issued from the National Demo-cratic headquarters say that everything is per-fectly quiet so far throughout the city, and that there has been very few challenges and little or no indications of crooked work. At 9:30 Chairman Brice, of the Democratic Committee, issued the following: "Despatches from the interior of New York, New Jersey and Connecticut show large early vote and everything progressing to the satisfaction of Democratic managers. In Brooklyn also the the attendance up to 9 o'clock is unusually large."

large."
New York, Nov. 6.—The city presented a holiday aspect except in the immediate vicinity of the polling precincts. The crew of the schoolship Minnesota, which is moored off the foot of West Twenty-third street, left the ves-sel early this morning, and in conformity with the law of the land, which permits soldiers and sailors to vote at any port at which they may chance to be stationed on election day, cast their respective votes at an uptown poli-

ing place.
In the Fifteenth Assembly district a large vote is being polied. The County Democracy men say that Hewitt is running far ahead of his ticket and is getting two votes to one each for Grant and Erhardt. Sullivan, Tammany nandidate for Alderman, is running ahead of the rest of his ticket and said to be certain of

Miller Running Behind.

Warner Miller, Republican candidate for Governor, is running behind his ticket, and Many instances were discovered to-day wherein persons who had received free transportation home to vote had sold their tickets to scalpers and had not gone home. One ticket broker offered round-trip tickets to Baltimore for \$1.25 when the straight fare one way only is \$1.20. He said he bought seven tickets from one man for a mere song. The man had procured them for alleged voters.

A rumor was rife that a number of darkies who had been given tickets to points in West Virginia on the Baltimore & Ohio, had sold their transportation, but none of the brokers would admit having bought such tickets.

An Elopement From Brooklyn.

The United Labor men were running out of

their boxes a Presidential ticket with the names of James Redpath and Victor Wilder, Electors, at the top. The other names were those of Republican Electors.

Cleveland Running Well, The Nineteenth Assembly district is the largest district territorially in the city. The Democrats are largely in the majority. There Democrats are largely in the majority. Anerowers no attempts at fraudulent voiling. Cleveland was said to be away ahead and Grant first for Mayor. The Twenty-first district takes in a considerable portion of Fifth, Lexington and Madison avenues, wherein are the residences

Madison avenues, wherein are the residences of wealth and culture.

The race between Cleveland and Harrison was said to be close, and it was conceded that Hewitt led in the Mayorality race. There was great activity. In the Thirty-second election district of the Twenty-second Assembly district, there are 1,017 names on the registry cooks. This is the largest number entered in any district in the city.

The names were arranged in alphabetical order and indexed in special books in order to facilitate the work of registry clerks. The polling place was crowded with patrolmen and U. S. special deputy marshals. The exit from the voting place was through the rear door of the office, so as to avoid confusion as far as possible.

A Long Line of Voters. Although there was serious trouble about breaking into the line of voters, which ex-tended two blocks from the polling place at 8 o'clock, no arrests had been made up to noon. The party workers had men employed to stand

Assembly districts.

Hill is running well in both districts. Rumors were current in two Assembly districts that the County Democracy were trading Cleveland for Hewitt; there seems to be considerable truth in them. A number of ar-rests were made for illegal voting. In the Tenth, Twelfth and Fourteenth As-

In the Fourteeath assembly district the Republican vote is a heavy one, and is straight both for President and Mayor. In the Teath assembly district the Coogan vote is small considering the neighborhood.

In the Fourth, Sixth and Eighth districts, which comprise the Sixth Congressional district, the interest centers on the Congressional

contest.

A red hot fight is going on between the au-herents of Hon. Timothy J. Campbell, County Democracy, and John Henry McCurthy, Tam-mory Democrat.

The Republican cambidate, Julius Schwarts, is not running well. Joth the County and Tammany men claim the victory.

Brings Out the Voters. Indianapolis, Ind., Nov. 6.—A more utterly wretched, miserable day for the Presidential election at the home of the Republican standard-bearer could hardly be imagined. Despite the promises born of the clear, starlight night, a pouring, drenching rain began to fall before daylight, and with brief intermissions bas since continued, while the sky is overhung with heavy, black clouds, which gives gloomy and uncomfortable effect.

gloomy and uncomfortable effect.

The city polls were opened at 6 o'clock, but the expected groups in waiting were lacking, while challengers, watchers, etc., sought shelter in adjacent doorways and bemoaned their ill luck. So far this morning the voting is light, and beyond doubt the weather will materially diminish the vote in the city.

In the Second precinct of Gen. Harrison's ward 100 votes were cast in the first hour, out of a total vote in 1884 of 358. The voting at other precincts is almost as heavy. Large crowds surround all voting places. A great deal of challenging is being done, but everything is quiet.

The business streets of the city present at this hour a deserted appearance. Durk Derider, a prominent Republican and candidate for trustee, was arrested on a charge of peddling scratched tickets with an intent to deceive voters. The case was dismissed.

Brainard Raison, another leading Republican, was arrested and also released on a similar charge.

A Rush to the Polls. The rain ceased at 10 o'clock, although there were no signs of the sky clearing. There was, however, an immediate rush to the polling stations, and the indications now are that a heavy rote will be voted. The Republican and Dem-cratic challengers are active, and several ar-cests have been made by U.S. Marshals for riolation of the election laws and interference

He was taken to the Federal Building where he was charged with resisting an officer. He was at once released on a bond signed by his father, John C. New, and immediately entered suit against U. S. Marshal Hawkins for \$20,000 damages for false imprisonment.

In the Fifth Ward a young colored man who was peddling Democratic tickets was set upon by his irate father and mother and given a sound thrashing.

The poll of the Fourth district shows a clear majority for Swency. This in-dicates a Republican gain of two Congressmen, unless Gear, in the First district, be defeated by Secriey (Dem). The letter also states that the poll of the State indicates a plurality of about 25,000 to 28,000 for Harrison.

Nevada Largely Republican. Carson, Nev., Nov. 6.—All indications point to a large majority for the Republican Presidential and State nominees. The rumors current for the last few days that money would be introduced the day of election to carry the State for Cleveland are now considered as only State for Cleveland are now considered as only idle talk. Senator Fair has not yet put in an appearance, and it comes from reliable Democratic authority that he will not be in the State the day of election. Democrats in this county will trade the Presidential electors and Congressman for sheriff and county clerk, as they know they cannot win the bead of the tacket. SCENES ABOUT TOWN.

More Democratic Voters Sent to Neighboring States Than Ever Before A busy scene was presented about the head quarters of the Maryland and Virginia Demeratic Associations this morning between 6 and 8 o'clock. A line of omnib uses and other vehicles was drawn up before the door, and vore soon filled by a bilarious and good na-

natured haste for the polls in Montgomery County.

Each early outgoing train on the B. and O. and Virginia Midhand roads were crowded, and the depot rafters shook again with the hearty shouts of "Rah for Cleveland" and "Hooray for Harrison" from the friends of the respective candilates.

Major Briscoe, who is the moving spirit, said this morning: "We have never in any previous campaigns sent over 300 voters to Virginia, but this time we have sent over 1,000 men to the polls from Washington."

Mr. Lawrence Gardner said: "I have never seen so thoroughly organized a political association as this Virginia Democrate Association is. The work has been reduced to a system and has been thorough."

Around the New York, Ohio, Pennsylvania and Connecticut Association rooms matters were very quiet to-day, all their work having been completed last night.

Preparations were being made at Grand Army Hall to receive the returns. At this place accommodations for ladies will be furnished, and an orderly place provided where citizens can wait for the returns. A special wire will run to the stage and the returns written on a blackboard.

Mr. Lawrence Gardner has just returned from New York. He said ample means would be taken to prevent Washington negroes voting there. The negroes have been going over there in gaugs of ten, with a lieutenant for each gang. The Democrata have placed five men, two in Brooking and three in New York, to "spot" the leaders and prevent the gangs voting.

The conductors on the incoming trains from points in Virginia and Maryland that are in a radius of 50 miles were surrounded by an eager crowd, anxious to learn how the election was going. Conductor Baughman, who runs between here and Baltimore, said that the polls were crowded this morning, and that it was unusually quiet.

The voters would deposit their ballots and then return to their work. The workers were on hand in large numbers but made no demonstrations. The vote in the city, he says, will be very full.

on Cleveland.

"Harrison," says he, in his letter, "will carry every Northern State and will capture New York with from 20,000 to 50,000 majority. The tide has set in from protection Mr. C. C. Lancaster, president of the Mary-

land Democratic Club, yesterday received a postal card from an inmate of the workhouse. A gentleman who saw the postal said it was the richest thing he had seen in a long time.

"THE DISTRICT BASTILS, "Nov. 5, 1888."

After stating why the writer was confined, it goes on to say: "While it is conceded that President Cleveland will have a walk-over, yet me thinks that, notwithstanding that fact, it is not good policy to keep not only me but twelve other regular registered, good and true Democrats in direase vile while the country needs our services."

The postal closes with a request that Mr. Lancaster see the Commissioners in behalf of the writer and the twelve Democrats.

Everything in the down-town departments.

Lancaster see the Commissioners in behalf of the writer and the twelve Democrats.

Everything in the down-town departments was quiet to-day. The cierks are working the same as usual. There seems to be a stillness in the atmosphere that u akes itself felt and impresses one with a feeling that something out of the ordinary run of things is going on. The Democratic clerks who have not gone home to vote wear a smile of contentment on their faces, while the hold-over Republicans exchange knowing glances with one another. A builetin was received in the Postoffice Department this morning from the National Democratic Committee in New York saying that from advices received from the interior of New Jersey and Connection Democrate were polling a very full vote. In New York city and Brooklyn the election was going on quietly, and the indications were that Cleveland's vote would be very full.

Chief Clerk Ray and Third Assistant Postmaster-General Harris were in good spirit when the reporter saw thom. They expressed themselves as hopeful of success.

Mr. Haynie, of the First Assistant Postmaster General's Office, will receive the rereturns at the Department this evening.

In the Interior Department many desks of the high officials are deserted. Acting Commissioner of the Land Office, Col. T. S. Auderson, will receive the returns this evening in his office at the Department.

ONE TOPIC DISCUSSED.

Unprecedented Interest in This City in the Elections.

Only one topic was discussed in this city today-the election. The stereotyped expression, "Who will it be?" greeted one's ears on every side. Little knots of men gathered on the streets, and in the saloons and hotel lobbles they congregated in force to talk over the

The bar and lobby at Willard's, at Shoomaker's, Harvey's, Hancock's, Losekam's and other places, each had their relays of men who came up to talk over the situation of the day, with the necessary accompaniements of "A little rye, straight, please," or "some of that Anderson County, over there," and other trite expressions familiar to the average male car.

The colored clans gathered on the south side of the Avenue, between Third and Sixth streets. At one place in this section an enterprising saloon-keeper had a large blackboard out, and every half hour or so would post bulletins announcing "Harrison running way ahead in New York."

At Driver's place on the Avenue a crowd congregated all the afternoon, reading forecasts of the result. Preparations were in progress all day for announcing the returns to-night. At the Harris House a screen was erected upon which a stereoption will throw the returns as they are received by special wire. At the Post Building, Grand Army Hall and other points along the way similar preparations were made. The bar and lobby at Willard's, at Shoo-

FILIBUSTERS FOR HAYTI.

A Mysterious Vessel Loads at Philadelphia and is Being Closely Watched. Philadelphia, Nov. 6.—The Haytlen Government is keeping a keen lookout for a suspi-

clous steamer which recently made its appearmee at this port named the Atrato, whose ultimate destination is believed to be the port of Miragoane, Hayti, with arms and ammu-

of Miragoane. Hayti, with arms and ammunition intended for the insurgent Government. Gen. Legitime, the President of the Stack Republic, has ordered the steel cruisers Saint Michael, Touissaint L'Ouverture and the 1804 to cruise along the south side of Cuba as far as Key West, Fla., to watch the movements and to capture the Atrato if she shall attempt to land at any port of Hayti.

The Atrato made its appearance at this port a few days sgo ostensibly bound to the port of Harranquilla, United States of Colombia, in distress, having broken one of her propellers, and was forced to make immediate repairs. She is a very light draught craft with powerful twin-screw engines, and has aufficient speed to run away from any vessel in the Haytien navy or is the American merchant service. After a new propeller was put in the craft at Birely, Hillman & Co.'s Kensington ship-yard the vessel left as quietly as site arrived, and it is believed that the material for the insurgents was put on board at a point between here and the Delaware breakwater.

The crew are reported to be a desperate-looking set of dark-skinned men, with grim countenances, several of whom have been in the employ of the Haytien Government under the late ex-President Salomon, and ware deposed under the new political regime in that country. It is known that a carload of arms from New Haven Conn., had been side-tracked here for several days, and that they disappeared about the time that the Atrato salled from this city.

One of the captains of the fruiting steamships, plying between this port and Jananica, was offered a handsome premium to stop at Jacmel on the way south, but he promptly refused on hearing of the activity of the Hayten may.
